College of Medicine Transfer Student Policy:

A new transfer policy for the College of Medicine. The College of Medicine has to date never accepted a transfer student, but has no formal, written policy. The latter is required by SACS. In consultation with the College of Medicine and following discussion in the GPC, the following language was approved:

Transfer credits for a student pursuing the MD degree

In rare cases a student may petition to be accepted to the COM and transfer credits from another institution. Transfer credits will be considered only for first year or second year courses. Requests for credit will be evaluated on a course-by-course basis, and the College of Medicine reserves the right to determine which credits would be accepted. Transfer credit will be limited to a maximum of the equivalent of two years of coursework.
