Discussion of differing Academic Standards between PIMS (2.8 GPA) and FSU (3.0 GPA)-

It was pointed out that PIMS has a different academic standard than FSU. FSU stipulates that if a student falls below 3.0 they are placed on probation, while PIMS places students on probation if they fall below 2.8. A problem occurred when a PIMS student was placed on academic probation by FSU for going below 3.0, but was not below 2.8.

Approved motion reads:

**It was moved by Ms. Harris and seconded by Mr. Bates to permit the PIMS program to adhere to their program's current academic probation standard of a 2.8 GPA.**
